(b) Price Proposal as per the format set out in Annexure 13. The Proposal shall be typed or printed in indelible ink and the Bidder shall initial each page. All the alterations, omissions, additions, or any other amendments made to the Proposal shall be initialled by the person signing the Proposal. All pages of the Proposal must be serially numbered.	
		Online Submission of Bid Document	Treated as offline submission for Both Technical and Financial Bid.	
	86	Certification : valid certification for ISO 9001, ISO 27001 and ISO 20000 certifications and CMMI Level 3 or above certification	valid certification for ISO 9001 or ISO 27001 or ISO 20000 certifications or CMMI Level 3 or above certification	
	92	Candidate Experience	Minimum 5 years in similar field (Incase of retired or high experienced persons CV should reflect only last 20 years of work experience	
		LED Component	If the luminosity of the LED components go down, the bidder has to replace the same. The decision of the Authority will be final in this regard.	

General Clarifications:

1. The bidder can use the experience (technical / financial) of a company which controls, is controlled by, or is under the common control with such bidder. The 'control' means the ownership, directly or indirectly, of more than 50% (fifty per cent) of the voting shares of such bidder, as on the Proposal Due Date. In such cases the bidder should submit all relevant documents to establish the above facts.
2. For Technical qualification such as installation of poles, traffic cameras etc, the experience certificate can be submitted by the bidder or respective OEM. For OEM/ bidder submitting the experience certificate of work done abroad, the quantum of workdone will be 5 times the quantum mentioned for work in india. e.g. 50 cameras installed in India, can be read a 250 cameras installed abroad.
3. As per original clause each of the proposed OEM should either have existing capability and infrastructure to provide 24x7 technical support in Odisha across the year. If not the bidder should undertake that they will establish the infrastructure in Berhampur and repair or replace the defect equipments within 24 hours.
4. It is clarified that, no clause in the RFP puts a bar on a foreign company/legal entity to participate as bidder, consortium member, subsidiary, parent company or OEM. Both Indian registered and foreign registered companies can participate, as long as they or their subsidiary/authorized agent/ authorized vendors have an established office in India.
